

Product Discontinuance Notice

Part Number Discontinued:	DTA-2152: 2x HD-SDI/ASI input/output for PCIe
Date of Issue:	November 12 th , 2019
Effective Date:	January 1 st , 2020

DISCONTINUANCE DETAILS:

- Manufacturing of the DTA-2152 is becoming increasingly difficult because various components used on the DTA-2152 have reached end-of-life.
- DekTec will discontinue the manufacturing and sale of the DTA-2152 per January 1st, 2020.

REPLACEMENT / ALTERNATE PART:

DTA-2172: 2x 3G-SDI/ASI input/output for PCIe

- The DekTec DTA-2172 supports all functionality of the DTA-2152 in the same form factor. Additionally, it supports 3G-SDI input/output.
- The DTA-2172 uses a different type of BNC connector: 75- Ω micro-BNC. A micro-BNC to BNC converter cable is required to connect a cable with a regular BNC connector to the DTA-2172.
- The DTA-2172 and DTA-2152 are compatible at API level. However, changing from DTA-2152 to DTA-2172 requires recompilation of your software as well as a different DekTec driver: 'DtPcie'.

LAST TIME BUY:

- Orders will be accepted until January 1st, 2020.
- Upon acceptance by DekTec, such orders will be firm and final and not subject to any reschedule, cancellation, or termination by the buyer unless accepted in writing by DekTec.
